April 11, 1962

Mr. Paul Engle
Director, Creative Writing Program
University of Iowa
Iowa City, Iowa

Dear Mr. Engle:

Thank you very much for your letters of April 6 and 7. We were delighted to see that you had been able to obtain some additional funds, and that you will add a supplemental \$1,000 to any \$2,500 grant we may provide. Am I correct in assuming that the sum of \$2,500 represents expenses including international travel?

With regard to Fulbright travel grants, I understand that their deadline is April 15, which would make it too short for any applicants to be included this year. We have, however, sent a copy of your letter regarding Lucy Chen and Kenneth Pai to our Representative in Taiwan.

On the other hand, your letter of April 6 did not contain the names of people to whom you wrote in Seoul and Tokyo. We would appreciate your sending them on to us, together with some biographical data, so that we may inform our Representatives in Japan and Korea accordingly.

Also, you had mentioned your intention to send us approximately 20 copies of "The Program in Creative Writing at the University of Iowa." We would very much like to have this description for forwarding to our Representatives in Asia.

Finally, we are looking forward to having your itinerary when it is completed, so that we may give our Representatives as much advance notice of your visit as possible.

With best wishes and kind regards.

Sincerely yours,

Mrs. Norman Coliver
Acting Director
Program Services Division
